Why settle on anything less, while you can become a pilot?

Pilots are one among the best 5 professionals in the world in terms of diverse work atmosphere, pay scale, dignity and social status. Apart from all these they enjoy a pristine celebrity status too, invoking jealousy in the eyes of onlookers. They control their sophisticated offices called cockpits, flying across oceans and continents at great speeds.

Thousands of horsepower machines... Celebrity lifestyle... Dignity... Infinite skies... Reasons can be many on why becoming a pilot yourself. From childhood fantasies to your dream job in cockpit, Pilot18 guides you from step 1.

Want to know how?

Pre-requisites

- * 10+2 with Physics and Maths (No minimum marks) Those who don't have physics or maths may write them separately through NIOS. We provide coaching for that.
- * 150+ cms of height
- * Good physical and medical status (appearance doesn't matter)
- * Shouldn't be differently abled
- * Shouldn't have colour blindness. Eyesight 6/6 with or without spectacles
- * Financial ability to spend around 40 Lakhs (loans possible)

Never Mind these:

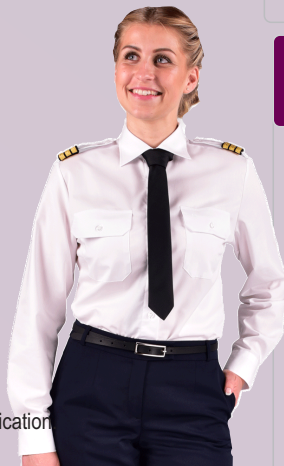

- * Skin colour, beauty, caste, religion
- * Gender (boys, girls, others welcome)
- * Spectacles
- * 10+2 marks. (just pass is enough)
- * Age (It's fine even after 35 years)
- * Marital Status

Time-frame

- * 3-5 months theory classes at **New Delhi / Trivandrum** for DGCA exams
Students may also opt for BBA/ Bsc/ MBA Aviation according to their educational qualification
- * 10-12 months flying
- * 1-2 months Airline interview preparation (if needed)
- * 6 months for ATPL (before or after joining airlines)

Job features

- * Salary of 1.5 to 15 lakhs per month with office up in the air
- * Options as: Airline pilot, Cargo carriers, Chartered, Events, Flying instructor, Ground instructor, Air Force, Navy, State services, DGCA official jobs, recreational safety pilot, Sky diving instructor etc.
- * Working age from 18 years to 65 years

Can girls become pilot?

Pilot career ensures gender equality at its best. Equal opportunities, equal payscale, equal consideration, no workplace discrimination etc. makes it one of the most suitable jobs for females. India has got the highest number and ratio of female pilots in the world.

Career

Theory studying will take around 3 months, to clear 5 DGCA pilot exams. After that 200 hours of flying will take around 10-12 months. Solo, dual, night, instrument and cross-country flying will make you well-versed with flying. After that you'll be awarded your Commercial Pilot License, which is the eligibility for becoming an airline pilot. You may consider other options too, like Air force, chartered flying, flying instructor or ground class instructor, as your interest guide you. Pay scale ranges between 1 lakh and 10 lakhs per month in India and more than double in some foreign countries. Free perks include transit, 5 star hotel stay facilities, food, medical support etc.

For training with scholarship, free counselling with pilots and admission, please reach **Pilot18 Pilot Training Academy, New Delhi at 9871217989** or **Pilot18 Pilot Training Academy, Trivandrum (Kerala) at 9020649964 or 9544320737**. Regular, weekend, online classes are available considering available time schedule of student. Classes are handled by experienced pilots only.
